ENTRY #6  
AND PRIZE  
BAG

**This summer reading tracking sheet is for students entering 5th - 12th grades.**

- 1.) Register for the challenge. You can register online at [morton.michlibrary.org/summer-reading-program](http://morton.michlibrary.org/summer-reading-program) or fill out a registration form at the library. Registration is required so we can prepare a prize bag for participants.
- 2.) Mark off a dinosaur footprint (one per day) after reading. We recommend reading at least 20 minutes per day, but you are welcome to read for 30 minutes, 45 minutes or hours! Our goal is for you to read -- you decide how long! You have from June 18th through July 30th to finish the challenge, so you don't have to complete all 30 days in a row.
- 3.) After reading at least once a day for 5 days, bring your reading log to the library to enter your name into the grand prize drawing for gift cards and fun prizes. You can do this at the Thursday tween/teen events or any time during regular library hours.
- 4.) Prize bags for completing the challenge will be available to pick up at our last tween/teen event on July 30th. Prize drawings will also be July 30th. You do not have to be present to win. Participants who are unable to attend the last event can pick up their bags at the library through August 15th.

We hope you enjoy digging into reading this summer!
