This summer reading tracking sheet is for pre-readers and readers (preschoolers - 5th graders).

1.) Register for the challenge. You can register online at morton.michlibrary.org/summer-reading-program or fill out a registration form at the library. Registration is required so we can prepare a prize bag for participants.

2.) Mark off a circle (one per day) after reading or being read to. We recommend reading at least 20 minutes per day, but you are welcome to read for 15 minutes, 30 minutes, or hours! Our goal is for you to read -- you decide how long! You have from June 18th through July 30th to finish the challenge, so you don't have to complete all 30 days in a row.

3.) After reading at least once a day for 5 days, bring your reading log to the library to receive a "brag tag" and a small prize. These will be available at the Tuesday Story Hour sessions, Wednesday afternoon children's events, or any time during regular library hours.

3.) Once you have completed the challenge, visit morton.michlibrary.org/summer-reading-program, to let us know!

4.) Prize bags will be available to pick up at our last Summer Reading event on July 30th or our last Story Hour session on July 29th. Participants who are unable to attend these events can pick up their bags at the library anytime after July 30th.
